

Kamikaze

Special Services Guide & Rider Requirements

Access to the Kamikaze is via a walkway leading to an 11-metre high stairwell.

Please note: Due to the nature of this attraction, expectant mothers, guests suffering from neck, back, heart disorders, epilepsy, recent surgery/illness/injury, or any other physical limitations that could be aggravated by sudden fierce movement may not ride.

Safety restrictions prohibit guests under 110 centimetres tall from experiencing this ride. Eyewear is not permitted on this ride.

Riders should have certain physical capabilities to safely enjoy this attraction. For the purpose of your personal safety you should be able to:

- § Transfer to and from the ride independently
- § Hold firmly onto the handles for the duration of the ride
- § Independently maintain yourself in an upright position while seated
- § Have full upper body movement and coordination
- § Exit the ride in a timely manner

Two riders required – maximum combined weight is 180kg.

For more specific and detailed information, please contact the Guest Services office on your day of visit or call (07) 5556-1660.

The availability of rides, shows and attractions shown or referred to on this web site is subject to change, delay, cancellation or closure due to inclement weather, preventative maintenance, refurbishment or other operational requirements. The information on this site is only intended to be of a general nature - detailed particulars can be obtained by contacting the relevant theme park or attraction.
